Folks Need a Lot of Loving.
Folks need a lot of loving in the morning;
The day is all before, with cares beset—
The cares we know, and they give no warning;
For love is God's own antidote for fret.

Folks need a heap of loving at the noontime—
In the battle lull, the moment snatched from strife—
Halfway between the waking and the croon time,
While bickering and worryment are rife.

Folks hunger so for loving at the nighttime,
When wearily they take them home to rest—
At slumber-song and turning-out the light time—
Of all the times for loving that's the best.

Folks want a lot of loving every minute—
The sympathy of others and their smile
Till life's end, from the moment they begin it,
Folks need a lot of loving all the while.

—Strickland Gillilan.

TANLAC PRESCRIBED BY GA. PHYSICIAN

PROMINENT PRACTITIONER RECOMMENDS MASTER MEDICINE

"NOTHING LIKE IT"

Dr. Edwards Obtained Splendid Results in Stubborn Cases By Prescribing Wonderful Remedy

Dr. J. T. Edwards, of Fayetteville, Ga., one of the best known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly create a profound impression throughout the South.

"In my thirty years of active practice as a licensed physician in the state of Georgia," said Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I hear people on all sides telling of benefits they have derived from its use."

"Tanlac is simply the talk of my town. I have no hesitancy in recommending the medicine and, as a matter of fact, I am prescribing it for my patients almost every day."

"Only a few days ago a well known woman of Fayetteville came to me and told me about the remarkable relief her daughter has gained from the use of this medicine. She said her daughter had been confined to her bed for three years with what had been pronounced pellagra, and that after using Tanlac for a short time she was able to be about, and was on the road to recovery."

"But this is only one instance. People in all walks of life in and around our little city are giving similar endorsement to the medicine. Seldom a day passes that someone does not come to me and say something about the good results they are getting from the use of Tanlac."

"Several unusual gains in weight have been reported to some of our most prominent people, and I have treated some stubborn cases of indigestion, catarrhal conditions and organic disorder and secured splendid results with Tanlac."

"Coming from the high source it does and especially from a member of the medical profession, this straightforward utterance of Dr. Edwards is more than a recommendation. It is a triumph. Tanlac, nature's great tonic, corrective and system builder is truly one of the greatest discoveries of the decade and the best evidence of the confidence and high esteem in which it is held, not only by the great masses of the people, but by leaders and public men everywhere. No other medicine has ever established the reputation Tanlac has, nor has any other received the high endorsement of medical men and laity."

Tanlac, the master medicine, is sold exclusively by Evans Pharmacy, two stores, Anderson; Horton's Pharmacy, Belton; West Packer Drug Co., Carl; Pendleton Drug Co., Pendleton; Bell Drug Co., Home Path; D. L. Donald, Williamston; Super Drug Co., Piedmont. Price \$1 per bottle straight.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you'll lose a day's work.
Calomel is mercury or quicksilver which causes necrosis of the stomach (Calomel), when it comes into contact with your bile crashes into it, breaking it up.
